

MICROPHONES & APPLICATIONS

PG ALTA

Enter into the Shure world

Entry-level microphones with professional Shure quality

Analogue and digital connection versions
Handheld microphones with on/off switch

Wide range of microphones for different applications

SM

The legendary standard for professional equipment

Seen on almost every stage and studio

Reduced handling noise and high feedback resistance

World-renowned durability, proven for decades

BETA

The first choice of professionals

Specialised, precisely tuned microphones with high sensitivity

Maximum isolation and uniform polar pattern for highest feedback resistance

Durability that survives the toughest tours

KSM

Premium microphones

High dynamic range and sensitivity as well as low self-noise

High quality ribbon microphones
KSM313 and KSM353

Renowned Shure ruggedness combined with premium studio sound

MV8i

Digital audio interface

Works with Mac and PC computers, iOS devices with Lightning connector and most Android devices.
