

SHURE

SE846 Gen 2

SOUND ISOLATING™ EARPHONES

OVERVIEW

Four custom-engineered drivers tailored to blend precisely with each other deliver extended high-end clarity, while the groundbreaking low-pass filter design gives you the performance of a true subwoofer – all without sacrificing a solitary detail. This is unparalleled aural acuity based on decades of dedication. It's why more musicians trust Shure and true audiophiles fall in love. Comprehensive sleeves assortment allow perfect fit, and four different sound signatures provide an extra level of sound customization. Pure bliss for the refined ear, available in the colour clear.

FEATURES

- **Four high-definition drivers** provide extended high-end clarity and unparalleled low-end performance for a state-of-the-art listening experience. Three-way system for dedicated low, mid and high frequency distribution. Hi-Res certified by Japan Audio Society.
- **Groundbreaking low-pass** filter provides the deep low-end performance of a true subwoofer - without sacrificing clarity or detail.
- **Customizable frequency response** puts you in control of your audio experience. Select extended, balanced, warm or bright audio through removable nozzles for four unique sound signatures. New sound signature Extended provides improvement in perceived detail, increases imaging clarity and add "airy" quality to the audio.
- **Ergonomic low-profile design** with optimized nozzle angle ensures long-wearing comfort and fit. Over-the-ear design keeps cables out of the way.
Sound Isolating technology blocks up to 37 dB of noise to eliminate distractions. Enjoy the most immersive listening experience with a design that keeps earphones in and noise out during exercise or travel.
- **Detachable 3.5 mm cable** allows for direct connection to laptops, in-flight entertainment systems and other mobile devices.
- **Two-year warranty** in tandem with durable build quality engineered for a lifetime of use. See what we're made of and ensure your investment lasts.
- **Includes** clear SE846 quad-driver earphones, with professional clear 64" cable, carrying case, 1/4" adapter, nozzle filter kit. Also includes a set of Comply(TM-please raise TM symbol without brackets) foam sleeves (XS, S, M, L) for additional sleeve options.
- **Available** in the colour clear.
